

THE ADVOCACY FORUM

Advocating Together: The Role of Cross-Sector Collaboration with Changing U.S Priorities

Tuesday, November 18
1–2:30 p.m. PST
Convention Center Room 16

In light of changing U.S. federal priorities, it is more important than ever to understand the role of each step in the discovery timeline, from basic research to patient care. Discover the role of cross-sector collaboration in advancing biomedical research and how to apply current advocacy strategies in a changing landscape to ensure that research investments translate into meaningful outcomes for patients.
